Model GB6M10-LD-U

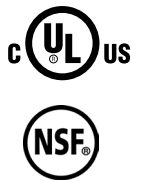

Features

- Fast Flow dispenses beverages 30% faster, reducing wear and tear on major dispenser components.
- Direct drive auger system ensures perfect hopper alignment and “silent running.”
- Vacuum Steam Removal System ensures the powdered mix remains dry, to eliminate clogging, caking, and bridging.
- Moisture and powder collection tray prevents excess moisture and product powder from reaching the vacuum motor.
- Power whip carefully whips the product into a delicious, creamy drink.
- Self cleaning rinse system is touch-button easy and rinses the entire whipper chamber with hot water at the end of each cycle.
- Side panel graphics package available.
